

ROKOAT MultiProtect

Overview

Rokoat MultiProtect is a unique easy to use wipe on, wipe off, semi-permanent coating, which can be used on a wide range of surfaces including paint, varnish, marble, glass, gelcoat and stainless steel. The revolutionary formula of this product fills in the microscopic pores and imperfections on the surface, sealing it and creating a super-slick finish.

Features

- Easy to use – Wipe on, Wipe off.
- ECO Friendly – Causes no harm to marine life.
- Natural polymer, semi-permanent can be used on just about any smooth surface.
- 3 month protection from stains & UV.
- Leaves an invisible, additional, protective natural ceramic polymer film on the surface.
- Reduces cleaning time & chemical usage.
- Enhances the finish on surfaces such as gel coat, paint, stainless steel, varnish and many more.

Applicable Surfaces

Use on cars, boats and interior surfaces at home or in the workplace.

Almost any smooth surface including;

Paint
Glass
Mirrors
Marble
Brushed Metals
Stainless Steel
Varnished Timber*

* Exposed timber / decks / outdoor furniture = use Rokoat WoodGuard

Properties

Colour	Cream
Seconds #2 Zahn	N/A
Percent of Solids	TBA
Odour (liquid)	Slight Solvent
Odour (cured)	None
V.O.C.	Exempt per CFR 51.1 / Reg 8
Coefficient of Friction	N/A
Thermal Stability (cured)	N/A
Conical Bond (1.27 cm mandrel)	N/A
Adhesion	N/A
Impact Direct	N/a
Specific Gravity	N/A
Average Dry film thickness	5-15µm
Estimated Coverage Rate	50 m ² per Litre @ 5µm
Cure time	5-15min
RoHS	Compliant
Halogens	None
Pencil Hardness	N/A

Application Methods & Storage Considerations

WIPE

- Shake the bottle well before use.
- Ensure the surface is clean and dry
- Apply a modest amount of Rokoat MultiProtect to a lint free cloth or micro-fibre.
- Using a swirling motion, apply the product onto the surface ensuring to leave a cloudy coating.
- Allow to dry - 3-10 minutes depending on temperature / sunlight conditions.
- When chalky, use a second clean micro-fibre or lint free cloth, to wipe off in a circular motion.
- A second application of this product is recommended for high use areas (windscreens, shower glazed doors etc.)
- 100mL will cover approximately 10 sq metres.
- Can be used in direct sunlight.
- Can be used on most surfaces whether previously protected by Rokoat products or not.
- Should not cause skin or eye irritation, however if irritation occurs flush area with clear water.
- We recommend with any application of nano coatings, protective gloves that are worn.
- Further information can be found in the Product Material Safety Data Sheet (MSDS).
- Visit rokoat.com for further information.
